Training

What we offer

Our EMlearning platform helps employers create a safer workplace through the education of employees. A strong safety culture leads to reduced workplace risks, faster incident reporting, and helps improve return to work outcomes.

EMlearning

Employer Training Program: ➔

Access an extensive range of up to 90 calendarised national events a year covering current trends in injury prevention, injury management and workers compensation.

Self paced e-learning: ➔

Access to over 60 free self-paced e-learning courses facilitated by industry experts, supporting compliance with workplace health and safety regulations.

ShiftReady videos: ➔

Educational videos that equip shift workers with practical, evidence-based strategies to manage fatigue, improve sleep, and perform safely at work.

Employer videos: ➔

Educational videos that help to clarify the RTW plan and support a worker's recovery.
